

WHAT TO EXPECT IN A SESSION

WHAT DOES THE WATER COLOR MEAN?

The water color change is a fascinating process. We estimate that about 70% of what you see in the tub comes from the user. The other 30% - the color change that will occur with or without feet - is most likely neutralized material from the water source or plate residue.

While people can and do detox through their feet, the main detox benefit happens *after* the cleanse through your body's normal detox pathways.

WHAT PEOPLE ARE SAYING

“I find the IonCleanse by AMD to be an invaluable part of the services I offer. The differences I see in my child and in my patients are astounding!”

Sonia McGowin, DC

“I have come across hundreds of therapies and protocols. Hands down, the IonCleanse by AMD is the most impressive therapy I have ever witnessed.”

Stella Chadwick BSc, CNHC, mBANT

“The IonCleanse by AMD is the one therapy out of so many I offer in my clinic that benefits me the most.”

Karima Harini MD, MPH

AND RELAXATION
THERAPY

PROVEN FULL BODY DETOX THE IONCLEANSE® BY AMD

WHAT IS IT?

The IonCleanse® by AMD helps the body relax and gently detox in a way it has never been able to before, even if normal pathways of elimination are compromised. Detoxification and relaxation with the IonCleanse® by AMD is a choice to strongly consider as part of your protocol.

WHY DETOX?

Toxicants and toxicity interfere with every system of the body. Detoxification with the IonCleanse® by AMD paves a clearer path to success by helping the body's normal systems and processes function without these impediments. When you incorporate the IonCleanse by AMD into a health plan, almost every other therapy or intervention may have a greater impact on your health and wellness.

HOW IT WORKS

The IonCleanse® by AMD's proprietary and patented technology results in only biocompatible electrical frequencies entering the water. This elicits a relaxation response. Concurrently, these frequencies create an ionic field that cleanses and purifies the body through the power of ions.

The IonCleanse® process ionizes the water as H₂O is split into OH⁻ and H⁺ ions. These ions attract and neutralize oppositely charged toxins. After a session the user feels calm, relaxed, and focused. There are no harmful side-effects, and the process is painless, non-invasive, and completely safe.

Toxins Removed*

- Mercury
- Cadmium
- Aluminum
- Lead

*Referring to heavy metals. Other harmful toxins are also removed.

THE PROOF IS IN THE RESEARCH

WHAT TO EXPECT

- Better, Deeper SLEEP
- A Greater Sense of CALM
- Reduced BRAIN FOG
- Improved GENERAL WELLNESS
